

Extension Reading

Fiction

- Pat Barker - Regeneration
- Dennis Lehane - Shutter Island
- Nathan Filer – The Shock of the Fall (an emotionally tough, but hugely moving novel about schizophrenia)
- Kate Atkinson - Life After Life (not strictly Psychology, but a favourite!)
- Ian McEwan – Enduring Love
- Gail Honeyman – Eleanor Oliphant is Completely Fine
- Joe Simpson - Touching the Void

Non-Fiction

- Gina Perry - Behind the Shock Machine: The Untold Story of the Notorious Milgram Psychology Experiments
- Gina Perry – The Lost Boys: Inside Muzafer Sherif's Robbers Cave Experiments
- Lauren Slater – Opening Skinner's Box – Great Psychological Experiments of the 20th Century
- Susannah Calahan – The Great Pretender (about the Rosenhan study into misdiagnosis of mental illness in the US)
- James Davies - Cracked: Why Psychiatry is Doing More Harm Than Good
- Oliver Sacks - Man Who Mistook His Wife for a Hat, The
- Oliver Sacks - Awakenings
- Jon Ronson - Psychopath Test, The: A Journey Through the Madness Industry
- Tom Butler-Bowdon - 50 Psychology Classics: Who We are, How We Think, What We Do
- Adrian Furnham - 50 Psychology Ideas You Really Need to Know

Media

- BBC – All in the Mind podcast (iPlayer) – a fantastic weekly podcast on current (and past) psychology – lots of the syllabus studies are in here!
- BBC – Psychosis and Me (iPlayer)e – the actor David Harewood and his experiences of mental illness
- Netflix – The Mind Explained
