Post-Results Services 2026

If you are unhappy with your results, there are a few options you may wish to consider:

- **Reviews of Results (RoRs): Clerical check or Review of Marking**
- **Access to Scripts (ATS): access to marked examination scripts**
- **Referencing the grade boundaries ([link to these on website](#))**

Reviews of Results(RORs)

Clerical check: will include the following:

- that all parts of the script have been marked
- the totalling of marks
- the recording of marks

Priority Review of Marking, (mostly used for A levels if a University place depends on the results)

This is a priority review of the original marking to ensure that the mark scheme has been applied correctly

A marking error can occur because of

- an administrative error
- a failure to apply the mark scheme where a task has only a 'right' or 'wrong' answer
- an unreasonable exercise of academic judgement

Review of marking enquiries are dealt with in order of receipt by the exam boards.

Reviewers **will not** remark the script. They will only act to correct any errors identified in the original.

You will need to complete the relevant form(s): (Review of Marking and /or Access to scripts). You can access these online forms by using the links/QR codes displayed in the 6th Form Common Room on results day or on the website.

Please note that, as a result of an enquiry, your final grade may increase, stay the same or be reduced

For further advice, please contact students' subject teachers.
