reading cloud

Benefits for Pupils

eBooks

eBook content available for pupils to access from smart phones, iPads and tablets

Reading Lists

Tailored lists of books and resources that can be pupil specific. Pupils can create their own lists and bibliographies

User Friendly Interface

Search facilities to suit pupils of all ages and encourage independent learning

Home Library

Pupils can catalogue their own books and resources in 'My Home Library'

Access From Home

Write or film reviews. Search the library to find and reserve books from home and interact with friends online

Blogging

Pupils can write blogs about books that interest them

"Who Next?"

An automatic list of recommended reads. Helps pupils to pick similar books to ones they have already enjoyed

Wish List

Pupils can request books not currently in the library via the iMLS app, an excellent way to see the popular books pupils want to read

Self Service

Pupils can borrow and return their own books, giving them the feeling of ownership of the library

WebLinks

Thousands of pre-approved curriculum relevant and safe websites added to the catalogue

Reviews

Write a book review and give a star rating, a great feature for developing literacy and writing skills. You can even add video reviews

Behind the Bookshelf

Access to a world of virtual author visits through author videos

Online Account

Pupils can create their own online profile and avatar

Social Networking

Pupils can add friends and chat safely online about their favourite books and authors

Build Online Search Skills

Pupils learn how to search the library catalogue by keyword to help with homework and research
