CF/December 2017

Dear Parent/Guardian

School Uniform Shop

From 2 January 2018 our school uniform will be supplied direct to you by our uniform suppliers, Sportswear International.

The School's online shop will be replaced by a new webstore operated by Sportswear International. We will provide a link to the webstore from our school website www.wallingfordschool.com as soon as it is available.

In order for us to implement the changes, the Uniform Shop website is currently unavailable.

We are making the change because it is no longer possible for the School to cover its costs of running the service in school whilst holding prices at a reasonable level for families.

Prices

In most cases the new webstore is matching current prices or offering a lower price than the School is currently able to charge.

Delivery

The new webstore will offer you a choice of delivery to either:

- An address of your choice, incurring a delivery charge of £4 for orders under £70 and free for orders over £70
- Or**
- To the School, for no charge. Deliveries will be made once a week to school and will be available to collect from a collection point. (Times and collection points to be confirmed – details will be on the website)

Returns

There will be a 30 day return policy on goods in their original packaging and with tags in place. Returns will be free via the Post Office, using a postage paid sticker provided in the parcel.

Ties and Blazers

Ties and blazers will need to be ordered through the school website. You need to click on a separate link order. These items will be issued to the students via the main office in the normal way.

GCSE/BTEC Personalised Tops

These will also need to be ordered through the school website. You need to click on a separate link to order. The tops will be issued to the students via the main office in the normal way

We hope this change will benefit both families and the school.

Yours sincerely

Mrs C Fishwick
Trust Chief Financial Officer
