

Benefits for Parents

Write Reviews

Review books from home and give a star rating, a great feature for developing your child's literacy and writing skills

Multilingual

Multiple language capabilities useful for children and parents who do not have English as their first language

eBooks

Access free eBooks to read with your child at home

Online Safety

A safe environment for your child to learn social networking skills where they can create an online profile, chat with friends, blog and be part of the Reading Cloud community

Track your Child's Reading Progress

View their past loans and what they are currently reading

"Who Next?"

Help your child pick their next book with the help of "Who Next" which recommends books based on what they have previously read, looking at similar authors/genres

WebLinks

Access pre-approved, curriculum relevant and safe websites from home

Access to the School Library

From any computer, iPhone, iPad or other smartphone or tablet

Behind the Bookshelf

Share the experience of watching a wide range of video clips of authors talking about books with your child

Wish List

Use the iMLS app to check which books the school library has in stock before you buy the titles for your children

Produce Video Reviews

A fun and interesting way of getting involved with your child's reading progress
