British Citizen Awards

Andrew Baker Proud Finalist 2019

Award-winning PLAY2GIVE (P2G) established in 2007 is a much-loved and well-regarded Didcot-based fundraising organisation.

Founded by the town's inspirational Andrew Baker BCav who began fundraising in 2003, we are a volunteer fundraising group that goes from strength to strength. Built around a sense of passion and a real heart of love to give back to our local community, Andy and P2G work tirelessly all-year-long organising a wide range of events and campaigns from fun days and balls, to toy appeals, football tournaments, golf days and more to raise ££'s, cheer, joy and smiles to ill, disabled and disadvantaged children and adults in Oxfordshire and beyond.

Andy, who in July 2017 received a prestigious British Citizen Award and a Pride of Britain 2019 nominee, has fundraised non-stop since he was 14 when he became inspired to 'give the gift of life back' to the miraculous Oxford medics who treated him from birth following a brain injury and who again at aged 12 saved his life with brain surgery.

Our fundraising, our events and our efforts spurred on by Andy make a real and long-lasting difference and impact across the county, and, in the case of Oxford Children's Hospital, much further afield.

We are P2G - Supporting local charities right from our hearts with passion and dedication whilst spreading the love of giving back to helping others all year round

“Tens of thousands of £'s raised and tens of thousands of lives, young and old, helped and made better by changing, transforming and saving lives day in, day out since September 2007 – this is what P2G is all about”

Three cheers from the youngsters at Oxford Children's Hospital who have benefited from thousands of your pounds and pennies over many years receiving life-changing medical equipment, facilities and entertainment to brighten their needs.

For example our impact to the Children's Hospital has been so significant that in March 2017 The Play2Give Room - a single patient room for teenagers - that we funded at £40,000 was unveiled. To this day, we continue to help fund the very best and top of the range medical, research and diagnostic equipment, facilities and entertainment items to enhance the lives of the tens of thousands of patients and their families.

Want to support us? Charity of the year? Collection tins? Organise an event or take part in a sponsored challenge? Sponsor us financially to aid our work? Please get in touch...

We are Proud to support local charities including

And other local causes!
