

We asked our year 7s about what they've been doing for their PIXL Edge projects so far?

Caitlin 7WH

Initiative

Task: Volunteer and take part in running a tutor time activity

What I learnt from this activity?

I have learned what it is like to be a teacher and how to control a class. I found it difficult to keep the form quiet as they did not really listen to me. I was nervous at the start as was not really sure if I could control the class. I also had to do it alone as Olivia was ill on the day we wanted to do it.

Initiative

Task: Volunteer to do shopping for an elderly person

What I learnt from this activity?

I learnt it is nice to do things for the elderly and Avril had cancer and can't do things for her self she is 82.

Resilience

Task: Represent your school

What I learnt from this activity?

Represent the school in the indoor athletics As I am attending the weekly clubs and I went to the school trials I think I might be able to represent the school at an interschool event. If you don't make a team first time you should still attend the sessions as you still might make the team.

Initiative

Task: Volunteer to do shopping for someone.

What I learnt from this activity?

I m going to buy things for my gran who can not drive to get her own food, and I learnt that it is good to help the elderly.

Organisation

Task: Organise an activity at a uniformed organisation (scouts, guides)

What I learnt from this activity?

I am going to organise and lead a structured activity for a group of approximately 30 Cubs, the activity is called 'Alaskan Baseball' it helps them to practise basic teamwork skills. I wanted to do this activity because it would make me gain my inner confidence and so I can become more organised. To make it happen I am going to visit the local scout hut and organise the activity with them.

Resilience

Task: Persevere and attend every meeting of a chosen club across a term

What I learnt from this activity?

I am planning to attend each athletics session that's on throughout the whole term. I have learnt how to change over a baton whilst doing a relay and how put more power behind my long jump.

Resilience

Task: Complete a basic first aid course

What I learnt from this activity?

Did a first aid course a before half term with Boys Brigade. How to handle a situation under pressure involving first aid.

Eleanor 7KG

Resilience

Task: Show an elderly/non-technical relative or friend how to use the internet for something relevant to them

What I learnt from this activity?

I explained how to use the internet step by step, clearly and slowly so that she can now use it without my help.

Communication

Task: Perform in an assembly

What I learnt from this activity?

I have learnt how to work as part of a big team to make something come together, and also how to not be nervous in front of a large group.

Resilience

Task: Undertake a successful grading exam in a martial art.

What I learnt from this activity?

I have learnt self defence and also how to perform under pressure in a competitive situation.
