

Human – Wildlife Interaction: Can Lions and Humans Co-exist?

Amy Dickman, University of Oxford

Tuesday 10th May 7.30pm

Wallingford School Library, St George's Rd

The death of **Cecil the lion** in 2015 is just one example of the challenging relationship between man and the natural world. As a conservation biologist Dr Dickman seeks to understand what drives conflict between large carnivores and humans so that these issues can be resolved.

Join us at **Wallingford School Library**, above the Sixth Form Centre, on St George's Road, Wallingford, OX10 8HH. All meetings are FREE and very informal. They are aimed at non-specialists and there is always plenty of time for questions and refreshments. Doors open from 7:00pm.
