

Pearson Level 3 Btec in Business Studies

Dear students,

Thank you for choosing Business Studies as one of your 6th form subject choices. Mr Flanagan and Ms McGowan welcome you to the department and hope that you enjoy learning the many and varied topics within this subject.

The work that we are asking you to complete in preparation for September is for Unit 1 Exploring Business. Unit 1 has five Learning Aims, each with their own criteria. This unit is internally assessed by your teachers and requires a number of assignments to be written. Other units within this qualification are assessed externally.

We would like you to complete research activities for both Learning Aim A and B. The work for Learning Aim A is to be completed by 29th June. At this point, Learning Aim B will be posted on line for you to complete.

Learning Aim A has three separate sections. You will be asked to find definitions of key business terminology and then complete linked and main tasks. Ms McGowan would like you to **only submit the linked and main tasks** in each section for marking. Please email your work to her at mcgowane@wallingfordschool.com

Section / Part A1: Submission date 25th May

Section/ Part A2: Submission date 15th June

Section/ Part/ A3: Submission date 29th June.

We have attached a pdf document which will help you complete the activities.
